*Check at hand stroke  
Take some rope in*

*Pull at back stroke  
Hold up at handstroke  
Let some rope out at backstroke*

Hunting UP

Hunting DOWN

**When hunting up, you follow the bell that was following you the previous blow.**

**When you have followed a bell, look for the next bell to follow among the other bells only. You only follow each bell once during each spell of hunting up, and once during each spell of hunting down.**
