

ALTARS, LECTERNS AND PULPITS

See how many altars you can find in the church. Draw one. What happens at the altar during the Holy Communion?

Imagine you have been away from home for a long time. What special food would you like to eat for your first meal when you return? What special food is used in the Communion service and why?

Does your lectern have a special shape?

What is a pulpit for? Why do you think it is so high above everything else?
